

Oskar Ruegg Bulgaria EOOD

Swiss assembly quality in Stara Zagora, Bulgaria

At its new plant in Bulgaria, Oskar Rüegg manufactures assemblies produced manually or with the support of tools. Regardless of whether the individual parts are delivered by you, or produced or procured by us in Switzerland, we assure decisive advantages: peak quality in accordance with ISO/TS 16949:2002, competitive prices, and due-date reliability. Always true to our motto: Oskar Rüegg – faster perfect.

Assemblies designed in accordance with specific customer requests are our business – speed and perfection our passion.
